- > See demo at <http://froalademo.dataaccess.eu/>
- > Download the DataFlex Library from www.dataaccess.eu
- > DataFLex Library for Froala – Free
- > Froala WYSIWYG HTML Editor - \$ 99 (1 domain)
- > Visit www.froala.com

Web Scheduler

- > Demo: <http://schedulerdemo.dataaccess.eu/>
- > Login with demo/demo

Web Scheduler

- > DataFlex Library for Web Scheduler – EUR 750
- > DHTMLX *JavaScript Event Calendar* - \$ 449
- > Visit www.dhtmlx.com

DataFlex Security Library

- > Several hash-, passcode storage-, and encryption algorithms.
- > Abstract design, based on Windows CryptoAPI NextGen
- > So, use other libraries, like libsodium.
- > Higher level task-oriented helper classes
 - > Prevent common implementation errors.
 - > Easy to add proper passcode storage using a DD-mixin.
- > Implement 2FA (one time passcodes or FIDO U2F) using a cWebGroup subclass that handles most of the process and JavaScript.

DataFlex Security Library

- > Pending final testing & code reviews
- > Will be available at no cost
- > Soon.
- > Let us know if you want to help testing.
- > Watch Jeroen's "Security Matters"!

HelpDeskExpress

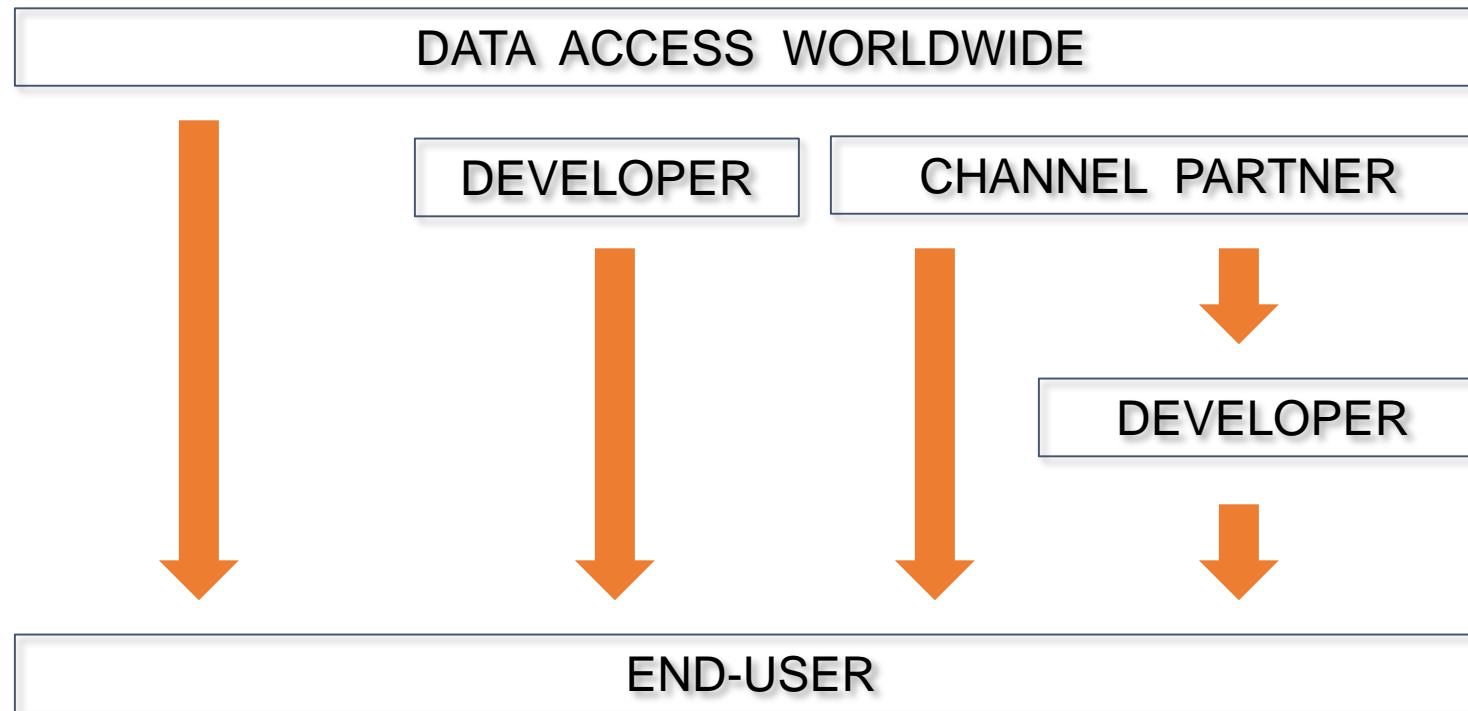

HelpDeskExpress

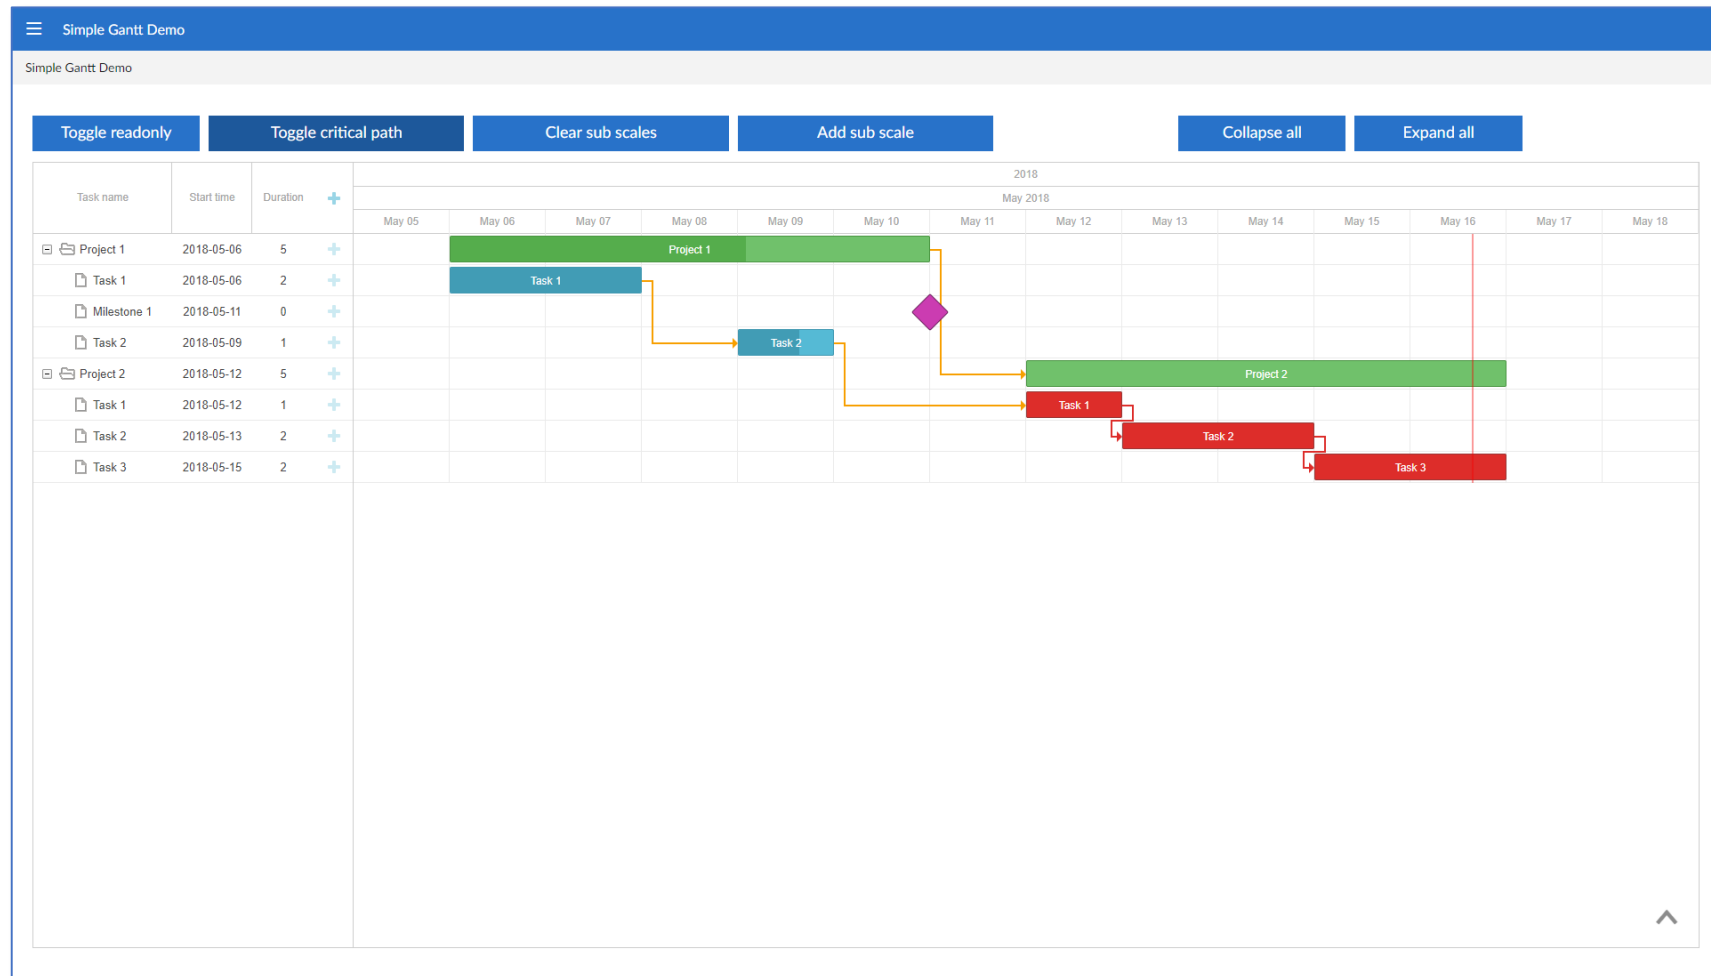

- > Our Theory: “Application as a Development Platform”
- > As a Start for a new, bespoke application
- > Offering a Cloud or SaaS Solution

HelpDeskExpress
